

New president takes over at Rotary Club

THE Rotary Club of Chatham has a new president and a new blog.

Linda Collins-Stevenson handed over the presidency to Dr Ravi Vibhuti at Rochester's Holiday Inn.

They were watched by delegates from Valenciennes, France, with whom the Rotarians have been twinned for 55 years.

Dr Vibhuti said: "I am glad to carry on the mission of

the club. In our plan for next year, we will be focusing on supporting the local charities attending to children's matters, such as Clic Sargen and the Walk to School programme.

"We will also be supporting local communities and international projects."
